

Join a Zoom Meeting

Getting Started:

You do not have to have a Zoom account to attend a Zoom meeting or interview. You will be prompted to download the software, once you have clicked on the link that you have been provided. You may also wish to create an account, but that is not required to participate in a Zoom meeting.

Please see the System Requirements at the following URL to ensure that you are ready to go:
<https://support.zoom.us/hc/en--us/articles/201362023---System---Requirements---for---PC---and---Mac>

You will need a computer or device with a web-cam and microphone to participate in a Zoom session.

If you do not wish to have an account, all you'll need to do to participate is click on the link for the class that your contact will send to you via an email invitation.

Step 1:

Click on the link provided for a class or meeting: Look for: **"Join Zoom Meeting"**

Step 2:

Download the Zoom Desktop Client. Simply follow the prompts to download the correct Zoom desktop client for your computer and operating system.

Step 3:

Your Zoom Desktop Client will download. You will then need to install the client. Note that you may also download clients for IOS and Android devices.

Step 4:

Once you have downloaded the desktop client, you can now join the meeting.

You may have to click on the link again in the email to connect to the meeting, once you have installed the client. The Zoom desktop icon looks like the one to the side.
